Your exclusive benefit as an LEG tenant:

TV and Internet now even more attractive!

WohnServicePlus
An LEG Group company

Your LEG apartment is equipped with a state-of-the-art multimedia cable connection. This connection forms part of your apartment and is billed via your ancillary costs. It gives you access to a wide range of TV channels and radio stations as well as 1 Mbit flat-rate Internet.¹

New: DigitalTV!

With the new HD Option and a foreign-language package, you can enjoy brilliant picture and sound quality and an even wider range of channels than before – at no additional monthly charge.¹

Unitymedia will provide you with the HD hardware you need – you pay only shipping charges of €9.90.²

If you already have a contract for the HD option or a foreign-language package or you already use Unitymedia HD hardware, please call the customer service hotline to ensure that you are no longer charged for these services in future.^{3,4}

You can order simply by calling the customer service hotline:

0180 6/6 63 11 15

Max. €0.20 per call from the German fixed-line network/€0.60 per call from mobile networks

DigitalTV BOSNIA: Hayat Plus Balkanika Music Television		

The small print:

¹ DigitalTV can be accessed directly and unencrypted via a standard flat-screen TV or cathode ray tube TV that is equipped with a digital receiver (DVB-C). DigitalTV and Internet are already available at many LEG properties. The roll-out across all LEG properties is expected to be completed by the end of 2014. Contact the customer service hotline [01806/6631115⁵] to find out whether all of the services are available in your apartment. Important: Please mention that you are an LEG tenant when calling. If desired, you can also order access to high-speed Internet, telephone and various pay TV services (at extra charge) via the customer service hotline.

² If you wish to use the HD option and/or the foreign-language package, Unitymedia will provide you with the required smart card and, at your choice, an HD module – providing your TV already has a CI+ slot – or an HD receiver at no additional monthly charge. You pay only shipping charges of €9.90.

³ If you already use a high-end Unitymedia receiver – e.g. Horizon – or you wish to use such a receiver in future, Unitymedia will reduce your monthly fee for the receiver by €3.00 instead of providing you with an HD module or HD receiver. This offer is limited to one discount per household. To change your contract or place an order, please contact the customer service hotline.

⁴ If you already have a fee-based contract with Unitymedia for the HD option, a foreign-language package or an HD module or HD receiver, Unitymedia will be happy to change your contract from the start of the next month so that you no longer incur any monthly charges for these services. Please contact the customer service hotline to change your contract. Contracts will not be changed automatically.

⁵ Max. €0.20 per call from the German fixed-line network/€0.60 per call from mobile networks

⁶ Unencrypted transmission

As of February 2014. Subject to change without notice. Errors and omissions excepted.
